he understands nature of the work.

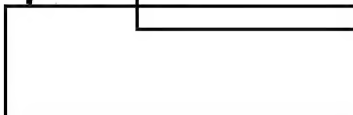

- I suggested he complete his investigation into possibilities elsewhere. Then, if he decided he wished to try NPIC, he should let me know and I would try to arrange same. I told him the ball was his and I should do nothing further until I heard from him.

- I have reported above to

that - if I asked you to
take this man and use him in
a non-PI job, where would
you put him?

When you have an answer,
stop by & let's chat.
